

# Kyle Myers

Kitchener, ON – (902) 233-4466 – [kylemyers\\_292@live.ca](mailto:kylemyers_292@live.ca)

[kylemyers.ca](http://kylemyers.ca) – [github.com/KMyers292](https://github.com/KMyers292) – [linkedin.com/in/kyle-myers-2aab0293](https://linkedin.com/in/kyle-myers-2aab0293)

## Summary

A highly motivated Junior Web Developer seeking to leverage my passion for web development and construction background to contribute to the growth and success of the development team.

## Education

### Computer Programming & Analysis Advanced Diploma

Seneca College

2018 – 2021

Toronto, ON

- *Presidents Honour List with a 3.8 GPA overall*

## Skills

React, Redux, Node.js, Express.js, Python, JavaScript, CSS, Angular, RESTful API's, NoSQL, MongoDB, Django, TypeScript, Sass, MySQL, jQuery, Bootstrap, HTML, Git, GitHub, SQL

## Projects

### MyFlix+ – Desktop Application For Viewing and Playing Locally Stored Media (In Development)

Links: <https://github.com/KMyers292/MyFlixPlus>

Environment: Electron, React, JavaScript, CSS, Node.js

- Built using the Electron framework with a React front-end.
- Uses a 3<sup>rd</sup> party API to provide detailed information about any locally stored movie or tv show chosen.
- Keeps track of new episodes and new movie releases you're interested in.
- Uses VLC player to play media. Currently developing a built-in media player for simplicity.

### ShopNS – Full-stack e-commerce site

Links: <https://shopns.herokuapp.com/>, <https://github.com/KMyers292/ShopNS>

Environment: React, Redux, JavaScript, Express.js, Node.js, NoSQL, HTML, CSS

- Developed, designed, and deployed a mock e-commerce site using the React framework and Redux by applying good coding practices such as proper documentation and version control.
- Constructed a backend API by understanding how to use Mongoose databases with the Express framework to create a fast connection from the MongoDB database to the frontend.
- Learned how to work with the PayPal API to create a payment system for an effective and secure checkout experience.

## Work Experience

### Production Operator/Supervisor

Oct. 2016 – Dec. 2022

Stella Jones

Stouffville, ON

- Managed production operations, including the sole operation of a pressure treating plant, ensuring consistent quality and timely completion of orders.
- Consistently met production targets by improving efficiency in operations, becoming the highest producing plant in Canada.
- Participated in daily meetings with plant manager to provide updates on production status and collaborate on continuous improvement initiatives.

### Customer Service & Logistics Specialist

Feb. 2008 – Oct. 2016

Home Hardware

Jeddore, NS

- Trained new employees on customer service and logistics procedures, contributing to the success of the team.
- Contributed to implementing a computerized inventory system, allowing for faster and more accurate stock count.
- Leveraged expert knowledge of products and services to make recommendations and drive sales.
